

FAUCET AERATOR

WATER SAVING

ECOSAVERS

EcoSavers® Faucet Aerator

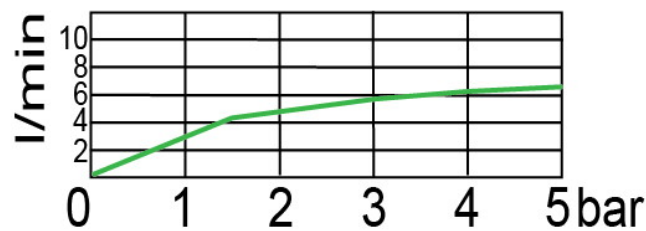

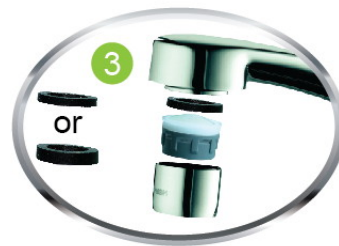

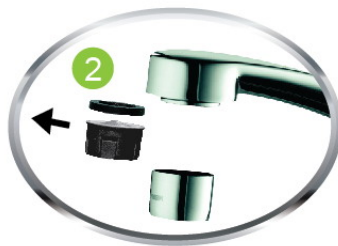

The EcoSavers® Faucet Aerator is a handy product which helps you save water (and gas/oil/electricity when using hot water), without loss of comfort.

This aerator ensures a rich flow of water, but with a big reduction of the water used.

This aerator provides a flow of 6 litres per minute at 3 bar water pressure.

The aerator comes with a 3mm thick and 1,5mm thick rubber ring to match almost all M24*1 male thread and M22*1 female thread faucets.

Easy to install; it takes less than a minute to install, so it makes water saving easy.
