

POWERplus

LITHIUM ION
MULTI POWER STATION
AC-DC-USB OUTPUTS

CAYMAN

POWERplus® Cayman

Lithium Ion 220Wh

Multifunctional Power Station

AC-DC-USB Output Ports

The POWERplus Cayman is a compact and lightweight multifunctional AC/DC Power Station with a high quality Lithium Ion battery.

The POWERplus Cayman is your ideal companion for power needs in emergencies, camping, outdoor, boating etc.

This product has an integrated pure sine wave inverter; which can provide the most stable AC voltage to power your AC electrical appliance up to 200W.

Cigarette plu

AC charging adapter included

AC 220V output
200W max.

2 * 12V output
60W max.

2 * USB output 5V
3.1A max.

Technical details:

Battery	High Quality Lithium Ion / 60.000 mAh / 220 Wh
Inverter	Pure Sine Wave DC-AC inverter, output max. 200W
Dimensions	250 x 86 x 160
Weight	2.5 kg
Material	High quality aircraft standards aluminium
Input	DC 15V / 4.5A
Charge time	7-8 hours (by using solar might be longer depending on capacity solar cell)
Operation temperature	-20 degrees Celsius to 60 degrees Celsius
Output	AC 220V 200W max. 2 * 9-12.6V/5A 60W max. 2 * USB 5V/3.1A max.
