

POWERplus[®]

FOLDABLE COMPACT ETFE

SOLAR CHARGER

USB 5V OUTPUT

CHIMP

POWERplus® Chimp

Foldable ETFE Solar Charger USB 5V

The POWERplus Chimp is a high quality solar charger with built-in voltage converter which generates an output of 5V (USB).

The ETFE layer protects the solar cells from scratching, dust and water and guarantees a durable product suitable for tough conditions.

The foldable design is easy to carry and light weight. The Chimp has 2 solar cells which are rated 5W each which gives a total solar cell capacity of 10W, tested under STC (standard testing conditions). This product has an average maximum output of 7W in sunny conditions.

Durable ETFE solar cell

Foldable 2-panel compact design

Integrated stand for more efficiency

Integrated 5V/2A max. USB output

Holes on sides for easy mounting

Technical details:

Power	10W (+/- 10%)
Average power output	7W
USB output	5V (1.4A)
Size folded	25 x 16 x 3 cm
Size unfolded	32,5 x 25 x 2,5 cm
Weight	396 gr.
