

## Household Cleaner

AlmaWin cleaning products are convincing through best quality regarding protection of the environment, dermatology and efficiency. Our ecological ingredients are very skin mild and gentle to the skin and they are successfully dermatologically tested. Our ingredients are based on raw materials of vegetal and mineral origin – if available certified organic. AlmaWin renounces on synthetical colorants, perfums and preservatives, on petrochemical ingredients and on nanotechnology. Genetic engineering is of course a no-no, too. All ingredients are bio-degradable and of natural origin.

### Ingredients:

<5% nonionic surfactants (vegetal saccharoidal surfactants), anionic surfactants (vegetal fatty alcohol sulphates), perfumes (essential lemon oil\* and eucalyptus oil\*), limonene. \*certified organic. Further ingredients: water, ethanol, sodium chloride, lactic acid, soda, wheat proteins. 100% of the ingredients are of natural origin.

### Dosage:

1 table spoon (10 ml) for 5 l of water. Highly concentrated – please do not overdose!

### Product sizes:
